

List of Contract information in October - March 2014 fiscal year

No	Date	Name of Item/Title	Quantity	Unit	Classification			Contractor	Original Bid System
1	June 2015	Substation equipment	1	unit	Supplies forming railway facilities	Electric power substation and other facilities	Electric transmission facility and products which consititute a part of the electric line facilities	—	—
2	June 2015	Automatic passenger guide system	41	sets	Supplies forming railway facilities	Station and halt	Signalling,safety or traffic control equipments for railways and tramways (which is electrical or mechanical (including electro-mechanical))	—	—
3	June 2015	Fall sensing device	8	sets	Supplies forming railway facilities	Station and halt	Signalling,safety or traffic control equipments for railways and tramways (which is electrical or mechanical (including electro-mechanical))	—	—
4	June 2015	Solid rolled wheel	29	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling-stock	Parts of railway or tramway locomotives or rolling-stock	—	—
5	July 2015	Visual information system on train	15	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling-stock	Parts of railway or tramway locomotives or rolling-stock	—	—
6	July 2015	Electric switch machine	12	sets	Supplies forming railway facilities	Train protection and control facilities	Signalling,safety or traffic control equipments for railways and tramways (which is electrical or mechanical (including electro-mechanical))	—	—
7	July 2015	Braking system	3	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling-stock	Parts of railway or tramway locomotives or rolling-stock	—	—
8	July 2015	Substation equipment	1	unit	Supplies forming railway facilities	Electric power substation and other facilities	Electric transmission facility and products which consititute a part of the electric line facilities	—	—
9	August 2015	Maintenance car	2	cars	Rolling-stocks and supplies for rolling-stocks	Rolling-stocks	Railway or tramway maintenance or service vehicles	—	—
10	August 2015	Multiple purpose working vehicle	5	cars	Rolling-stocks and supplies for rolling-stocks	Rolling-stocks	Railway or tramway maintenance or service vehicles	—	—
11	August 2015	Track inspection vehicle	1	car	Rolling-stocks and supplies for rolling-stocks	Rolling-stocks	Railway or tramway maintenance or service vehicles	—	—
12	September 2015	EPS (Emergency Power Supply) for propulsion system	10	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling-stock	Parts of railway or tramway locomotives or rolling-stock	—	—
13	September 2015	EPS (Emergency Power Supply) for propulsion system	30	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling-stock	Parts of railway or tramway locomotives or rolling-stock	—	—
14	September 2015	Substation equipment	1	unit	Supplies forming railway facilities	Electric power substation and other facilities	Electric transmission facility and products which consititute a part of the electric line facilities	—	—

※The classifications below include categories which follow.

- Supplies forming railway facilities ... Rails and other track material, Signal and communication systems, power transmission systems, Machinery etc
- Rolling-stocks and supplies for rolling-stocks ... Passenger car components
- Supplies and equipments for maintenance ... Rails and other track material, Signal and communication systems, power transmission systems, Machinery etc
