The Keisei Skyliner & Tokyo Subway Ticket is a promotional ticket set that includes a ticket (one-way or round-trip) for the Skyliner train which provides a fast and comfortable 36 minute connection between Narita Airport and downtown Tokyo, along with a one, two or three day Tokyo Subway Ticket which allows for unlimited rides on a total of 13 subway lines in Tokyo (nine Tokyo Metro lines and four Toei Subway lines).

Until now sales of the Keisei Skyliner & Tokyo Subway Ticket have been targeted at overseas visitors to Japan, so the tickets were only available for purchase from Keisei Ticket Sales Counters at Narita Airport Station and Airport Terminal 2 Station. By expanding sales to include **sales onboard Peach Aviation flights**, we hope any visitors to Tokyo using Peach Aviation will be able to purchase this convenient ticket set and enjoy great value sightseeing around Tokyo.
