No	Date	Name of Item/Title	Quantity	Unit	Classification		Contractor	Original Bid System	
1	April 2017	Train control information management system	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
2	April 2017	Air conditioning equipment	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
3	April 2017	Passenger announcement system	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
4	April 2017	Braking system	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
5	April 2017	Visual information system on train	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
6	April 2017	Coupler	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
7	April 2017	Auxiliary electrocal sysytem	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
8	April 2017	Platform screen doors (half height) system	4	units	Supplies forming railway facilities	Train protection and control facilities	Signalling, safety or traffic control equipment for railways and tramways (which is electrical or mechanical (including electro-mechanical))	-	-
9	April 2017	Door system	32	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
10	April 2017	Power collector	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
11	April 2017	Wheel-tread cutting machine	1	unit	Supplies and equipments for maintenance	Supplies and equipments used mostly for repairs and maintenance of railway facilities	Supplies and equipments with highly particular characteristics to be used exclusively for maintenance of the goods subject to the operational safety clause	-	-
12	May 2017	Digital train radio device system	1	unit	Supplies forming railway facilities	Train protection and control facilities	Signalling, safety or traffic control equipment for railways and tramways (which is electrical or mechanical (including electro-mechanical))	-	-
13	May 2017	Propulsion system	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
14	May 2017	Door system	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
15	May 2017	ATO system (On-Board)	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
16	May 2017	Digital space-wave radio device	36	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
17	June 2017	ATC-ATS system (On-Board)	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
18	June 2017	General transmission equipment	1	unit	Supplies forming railway facilities	Train protection and control facilities	Signalling, safety or traffic control equipment for railways and tramways (which is electrical or mechanical (including electro-mechanical))	-	-
19	June 2017	Traction motor	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
20	July 2017	Auxillary power system	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-

List of Contract information in April - September 2017 fiscal year

No	Date	Name of Item/Title	Quantity	Unit	Classification			Contractor	Original Bid System
21	July 2017	Platform screen doors system train information transmission device	20	units	Supplies forming railway facilities	Train protection and control facilities	Signalling, safety or traffic control equipment for railways and tramways (which is electrical or mechanical (including electro-mechanical))	-	-
22	July 2017	Bogie/Parts of bogie	2	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
23	July 2017	Platform screen doors (half height) system	20	units	Supplies forming railway facilities	Train protection and control facilities	Signalling, safety or traffic control equipment for railways and tramways (which is electrical or mechanical (including electro-mechanical))	-	-
24	July 2017	Bogie	23	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
25	August 2017	Platform screen doors (half height) system	2	units	Supplies forming railway facilities	Train protection and control facilities	Signalling, safety or traffic control equipment for railways and tramways (which is electrical or mechanical (including electro-mechanical))	-	-
26	August 2017	General transmission equipment	1	unit	Supplies forming railway facilities	Train protection and control facilities	Signalling, safety or traffic control equipment for railways and tramways (which is electrical or mechanical (including electro-mechanical))	-	-
27	August 2017	Variable voltage variable frequency propulsion system	12	sets	Rolling-stocks and supplies for rolling-stocks	Supplies for rolling stock	Parts of railway or tramway locomotives or rolling stock	-	-
28	August 2017	Solid manganese steel rigid crossing	102	pcs	Supplies forming railway facilities	Railway tracks	Railway or tramway track construction material, other material specialized for jointing fittings or fixing rails	-	-
29	September 2017	Digital train radio device system	1	unit	Supplies forming railway facilities	Train protection and control facilities	Signalling, safety or traffic control equipment for railways and tramways (which is electrical or mechanical (including electro-mechanical))	-	-
30	September 2017	Platform screen doors (half height) system	1	unit	Supplies forming railway facilities	Train protection and control facilities	Signalling, safety or traffic control equipment for railways and tramways (which is electrical or mechanical (including electro-mechanical))	-	-
31	September 2017	Electric switch machine	28	units	Supplies forming railway facilities	Train protection and control facilities	Signalling, safety or traffic control equipment for railways and tramways (which is electrical or mechanical (including electro-mechanical))	-	-
32	September 2017	Train radio system base station equipment	3	units	Supplies forming railway facilities	Train protection and control facilities	Signalling, safety or traffic control equipment for railways and tramways (which is electrical or mechanical (including electro-mechanical))	-	-
33	September 2017	Substation equipment	11	units	Supplies forming railway facilities	Train protection and control facilities	Signalling, safety or traffic control equipment for railways and tramways (which is electrical or mechanical (including electro-mechanical))	-	-

※The classifications below include categories which follow.

- Supplies forming railway facilities . . . Rails and other track material, Signal and communication systems, power transmission systems, Machinery etc
- Rolling-stocks and supplies for rolling-stocks . . . Passenger car components
- Supplies and equipments for maintenance . . . Rails and other track material, Signal and communication systems, power transmission systems, Machinery etc
