Sales price range

The course fees are displayed on the reservation website of the courses.

Time of delivery (number of days) and shipping method of products, etc.

The course material used for the online course will be digitally distributed. It will be sent to the registered email address during the application process after the payment is complete and approximately two days before the day of the course.

Payment timing and method for any fees

Payment should be completed at the time of application on the reservation website.

PayPal is the only payment method accepted, and the payment should be completed at the time of application.

You can use this payment method by registering your credit card, debit card, and/or bank account to your PayPal account.

Expenses other than fees, such as consumption tax, etc.

Applications from within Japan are subject to the consumption tax.

Cancellation conditions, cancellation deadline, cancellation fees

In the event that a course is canceled by us, a full refund will be made.

In the event that a participant cancels a course for which they have applied, the following cancellation fees will be incurred, calculated from the date of the course.

- Cancellation from the date of application acceptance to 30 days before the course start date: 10% of the invoiced amount
- Cancellation 15 to 29 days before the course start date: 50% of the invoiced amount
- Cancellation 14 days before the course start date and later, including the day of the course (no-show): 100% of the invoiced amount (full amount)

Handling conditions for defective products

Due to the nature of online courses, there are no products to be considered defective.

System requirements of the website and software used for the course

We will use Webex by Cisco Systems G.K. to conduct the courses. As for the system requirements for Webex, please see the following Cisco Systems G.K. website.
